

IEEE EMBS DISTINGUISHED LECTURER NOMINATION FORM

Nomination Instructions

The IEEE EMBS Distinguished Lecturers Program provides high quality speakers to the Biomedical Engineering Community, especially, EMBS Chapters, Student Branch Chapters, and Student Clubs. The Distinguished Lecturers are selected by the Distinguished Lecturers Program Committee and announced in December after approval by the EMBS AdCom. Appointment as an EMBS Distinguished Lecturer is a major Society recognition.

Nominees must meet the following criteria:

- The DL nominee is preferentially an EMBS member.
- The DL nominee must be nominated by an EMBS member who does not have conflict with the selection process. No self nominations are allowed.
- The DL nominee must be a well-recognized expert in his/her field because of his/her research, teaching, service activities and an inspiring speaker.
- The pool of candidates should cover as well as possible at any time the technology footprint of the Society and its global reach, as well as appeal to its diversified constituents (professionals, academicians and students) and our medical partners.

Duties

The Distinguished Lecturers will start their two year term in January. Each Lecturer should submit up to three lecture topics in his/her field of expertise that will be posted in the Society Website. The Distinguished Lecture should be readily available to travel within his/her geographical area upon contact by the Chapters or appropriate organizations. Reasonable travel expenses will be paid by the Distinguished Lecture Program.

Nomination Submission and Assistance with Questions

All nomination submissions must be submitted through the following website

<http://www.embs.org/dl-nomination>

If you have questions, you may contact:

Distinguished Lecturers Committee Chair, Elsa Angelini (elsa.angelini@telecom-paristech.fr), or EMBS Senior Society Administrator, Mr. Michael Markowycz (m.markowycz@ieee.org) phone: +1-732-562-6052).
