

# Your Global Connection to the World of Biomedical Engineering

## COLLABORATION & DEVELOPMENT

### Membership

Gain access to the people, practices, information, and ideas that are shaping one of the fastest-growing fields in science.

## INNOVATION & EXPLORATION

### Events

Connect with the biomedical engineering community at one of EMBS's many events throughout the year.

- Annual IEEE EMBS Conference
- Focus Areas and Special Topics Conferences
- Professional Development Programs and Workshops

## KNOWLEDGE & INSIGHTS

### Publications

Stay current on research breakthroughs, cutting-edge technologies, and more with EMBS's extensive library of technical journals.

- IEEE Open Journal of Engineering in Medicine and Biology
- IEEE PULSE  
Flagship periodical of IEEE EMBS
- Transactions on Neural Systems and Rehabilitation Engineering
- Reviews in Biomedical Engineering
- Journal of Translational Engineering in Health and Medicine
- Journal of Biomedical Health & Informatics
- Journal of Electromagnetics RF and Microwaves in Medicine and Biology
- Transactions on Biomedical Engineering
- Transactions on Computational Imaging
- Transactions on Medical Imaging
- Transactions on Biomedical Circuits and Systems
- Transactions on NanoBioscience
- Transactions on Radiation and Plasma Medical Sciences
- Transactions on Medical Robotics and Bionics
